Hose Wire

COMPANY PROFILE

YuSheng Enterprise Limited established in 2001, committed to rubber industry raw materials production and sales for more than 20 years.

After years of development, Yusheng has become a professional supplier of raw materials of rubber products, selling and serving tire and rubber products manufacturers in Europe, South America, Southeast Asia, India, Pakistan, the Middle East and other regions.

Yusheng is having more than 160+ stable and long-term manufacturing bases, which can provide one-stop raw material services for manufacturers in rubber industry. We sincerely invite rubber professionals from all over the world to join our global supply chain service system and become our partner to achieve win-win development.

Hose wire

Production process

Hose wire

Characteristics

It has good strength, toughness and fatigue property, and has uniform brass coating and good adhesive property of rubber.

Applications

As the framework material of the rubber hose, it can be used to reinforce the rubber hose. And also widely used in the coal industry, Engineering Machinery and petroleum industry.

Hose wire
